DETAILS:

Education

Columbia University  
116th Street and Broadway  
New York, New York

On April 2, 1979, [redacted] Manager, Transcripts and Inquiries, advised that LEON MAX LEDERMAN was born July 15, 1922, at New York, New York. His parents' names were not reflected, but [redacted]

[redacted] The applicant has previously received a Bachelor of Science (BS) degree in 1943 from the City College of New York. Addresses for the applicant were reflected as follows:

At time of entry 101 West 87th Street, New York, New York. As of March 1, 1948, an address of 993 President Street, Brooklyn, New York, was shown. As of September, 1949, an address of 2966 Briggs Avenue, Bronx, New York, was shown. The applicant attended the graduate faculties of Columbia University taking course work as follows:

September, 1946 to June of 1947  
The summer of 1947  
September, 1947 to June, 1948

He was on full time research June 2, 1948 to September 22, 1948, from September 23, 1948 until June 1, 1949 and from June 2, 1949 until September 20, 1949. He also took one physics course for attendance credit only, September, 1949 to February, 1950, and was on research for the doctorate from September, 1949 until June of 1950. He was on full time research from September 28, 1949 until February 2, 1950, and again from June 15, 1950 until September 26, 1950. Again he was on research for the doctorate from September, 1950 until June of 1951.

His major subject was physics, he was a graduate student and his overall average and class standing are not maintained as part of the record. There was no employment shown on these records, he had no failures, and there were no societies or clubs listed.

NY 116-127844

On February 25, 1948, he received the Master of Arts degree (AM) and on June 13, 1951, he received the degree of Doctor of Philosophy (Ph.D.)

His dissertation topic was "A Cloud Chamber Determination of the Lifetime of the Negative Pi Meson and the Mass of the Negative Mu Meson".

Employment

Columbia University  
116th Street and Broadway  
New York, New York

On April 26, 1979, [redacted] Personnel Office, advised her records show that LEON MAX LEDERMAN, Social Security Number 073-18-8136, was born July 15, 1922, place not reflected. He was married (no further details) on September 19, 1945. His home address is shown as 34 Overlook Road, Dobbs Ferry, New York. He holds a Ph. D. degree.

b6  
b7C

He was employed June 2, 1948 until May 31, 1951, as a part-time research assistant in physics. On June 1, 1951, he became a full time research scientist. On July 1, 1951, he became an associate in physics. The record indicates full time employment from June 1, 1951, however, there is no further information concerning this until a notation dated July 1, 1961, when he became a professor of physics and currently holds this position. The records also show that on February 1, 1968, he was also made Director of the Nevis Laboratory of Columbia University and continues to hold this position also.

On May 2, 1979, [redacted] Faculty Appointments Section, advised her records show that LEON MAX LEDERMAN holds a B.S. degree from City College of New York, in 1943. He also holds the A.M. degree from Columbia University in 1948 and the Ph. D. degree from Columbia University in 1951.

b6  
b7C

The following appointments are shown for the applicant:

NY 116-127844

July 1, 1951, appointed Associate in Physics to June 30, 1952.

July 1, 1952, appointed Assistant Professor in Physics to June 30, 1954.

On July 1, 1954, appointed Associate Professor in Physics with tenure to June 30, 1958.

July 1, 1958, appointed Professor of Physics to June 30, 1972.

On July 1, 1972, appointed HIGGINS Professor of Physics which position he holds at present.

On February 1, 1968, the applicant was also appointed Director of Nevis Laboratory and currently holds this position. Nevis Laboratory is a part of Columbia University.

From July 1, 1958 until June 30, 1959, applicant was on sabbatical leave of absence. From January, 1961 until July, 1961, he was on leave of absence without salary. From January, 1967 until July of 1967, he was on sabbatical leave of absence. From July, 1972 until January, 1973, he was again on sabbatical leave of absence. From July of 1976 until January of 1977, he held an exemption from teaching duties. Furthermore, a leave of absence from July 1, 1979, until June 30, 1980, with no salary has been granted for him to become Director of the Fermi Laboratory. Approval has also been given for this leave to be followed by another leave without salary from July 1, 1980 until June 30, 1981.

It is to be noted that the Fermi National Laboratory is located in Batavia, Illinois.

With regard to the above leaves of absence, [redacted] stated that the only way to actually ascertain what the applicant was doing is to interview the applicant himself as when they are granted these leaves, the professors are pretty much on their own.

b6  
b7C

On May 2, 1979, [redacted] Professor of Physics and Chairman of the Department, advised he has known the applicant since both were in the United States Army Signal Corps during World War II. The applicant was Professor [redacted] immediate commanding officer and held the rank of Lieutenant. The applicant has been at Columbia University either as a student or faculty member from approximately 1946 until the present time. The applicant is currently the HIGGINS Professor of Physics and Director of the Nevis Laboratory, but is phasing out both of these positions as he is going on leave in July of 1979, as Director of the Fermi National Laboratory. The applicant is of the highest character, a loyal citizen of the United States, a renown physicist, a person of excellent reputation and he recommends the applicant for a position of the highest trust and confidence.

b6  
b7C

[redacted] the Pupin Professor of Physics, advised that she has known the applicant since 1946 when he was a graduate student in the department. The applicant has risen to become a full Professor of Physics and Director of the Nevis Laboratory. He is an extremely capable individual, a noted Physicist, of fine character. She has no reason to question his loyalty to the United States. She is aware that the applicant is being considered for the directorship of the Fermi National Laboratory and so recommends him for this position.

b6  
b7C

[redacted] University Professor Emeritus (Physics), stated that he has known the applicant since approximately 1946. The applicant is a Professor at the University and also Director of the Nevis Laboratory. The applicant is a person of the highest character, no reason to question his loyalty to the United States, and he recommends the applicant for a position of the highest trust and confidence.

b6  
b7C

[redacted] Administrative Assistant, Theoretical Physics, advised that she has known the applicant for approximately twenty years. Nothing has come to her attention in any way regarding the character, reputation, loyalty and associates of the applicant to preclude any position involving trust and confidence with the Federal Government.

b6  
b7C

[redacted] Secretary, Theoretical Physics, advised that she has known the applicant for approximately five years on a professional basis only. The applicant is a Professor of Physics and Director of the Nevis Laboratory. She has no reason to question the character and loyalty of the applicant. The applicant has an excellent reputation in the department. She knows of nothing that would preclude a position of trust and confidence with the Federal Government.

b6  
b7C

[redacted] Administrative Assistant, Physics Department, advised that the applicant is a person of excellent character, ~~there~~ *and* is no reason to question his loyalty to the United States; ~~he~~ enjoys an excellent reputation in the department, and she recommends him for a position of trust and confidence.

[redacted] Professor of Physics, advised that he has known the applicant for the past 15 years as a colleague. The applicant currently holds the Higgins Chair in Physics and is also the Director of the Nevis Laboratory, although since February of 1979, he is phasing out this position due to his potentially becoming the Director of the Fermi National Laboratory. The applicant is an individual of the highest character. There is no reason to question the loyalty of the applicant. The applicant has had a distinguished career and is a noted physicist. Professor [redacted] is also acquainted with family members of the applicant and they are persons of good repute. Professor [redacted] recommends the applicant.

b6  
b7C

[redacted] Professor of Physics, advised he has known the applicant since approximately 1946. The applicant *and there is* ~~is a person of the highest character, no reason to question loyalty.~~ The applicant is the Director of the Nevis Laboratory, but is slowly phasing out as he is the Director Designate of the Fermi National Laboratory. The applicant has also, during the past year, been out to this laboratory and was also conducting an experiment at Cornell University. The applicant has one of the highest reputations as a physicist. Professor [redacted] continued that both he and the applicant are fellows in the American Physical Society which is the professional Society of Physicists in the United States. Professor [redacted] highly recommends the applicant.

b6  
b7C

NY 116-127844

Also on May 2, 1979, [ ] Professor of Government and former Provost of Columbia University, advised that while the applicant is not a colleague of his, he is acquainted with the applicant by reputation as a noted Professor of Physics at Columbia University. He stated that the reputation of the applicant is excellent.
